Date of revision :

version no. 1

## 1. Identification of the preparation and of the company / undertaking

<b>Product name</b>	siamat T7026.0003.1		
<b>Purpose</b>	Tarnishing paste		
<b>Producer / supplier CH</b>	sia Abrasives Industries AG, CH-8501 Frauenfeld/Schweiz		
	Phone no.	+41 (0)52 724 41 11	Fax +41 (0)52 724 45 45
	e-mail	roman.benz@sia-abrasives.com	
<b>Producer / supplier EC</b>	sia Abrasives Belgium NV SA, Z.5 Mollem 580, BE-1730 Mollem (Belgium)		
	Phone no.	+32 (2) 454 00 20	Fax +32 (2) 454 00 21
<b>Emergency information</b>	Switzerland	Tox. Centre Zurich	Phone no. +41 (0)44 251 51 51
	foreign countries	GIZ Nord	Phone no. +49 (0)551 19240

## 2. Hazards identification of the preparation

Classification	Cancelled
Special information on hazards concerning persons and environment	The preparation is not classified as hazardous, in compliance with the Directive 67/548/EEC Avoid release to the environment.

## 3. Composition/Information on ingredients

Substances presenting a health hazard in accordance with the Dangerous Substances Directive 67/548/EEC: 8%-10% Distillates (petroleum), hydrotreated light. 67/548/EEC No 649-422-00-2. CAS 64742-47-8. EINECS 265-149-8. Xn R65 R66.

Further substances: 5%-7% White mineral oil (petroleum). CAS 8042-47-5. EINECS 232-455-8.

## 4. First aid measures

General information	In all cases of doubt, or when symptoms persist, seek medical attention.
Inhalation	If breathing is irregular or stopped, administer artificial respiration.
Skin contact	Remove contaminated clothing. Wash skin intensively with soap and water.
Eye contact	Irrigate with clean water for at least 10 minutes, holding the eyelids apart. If the pain persists you consult a doctor.
Swallowing	If accidentally swallowed obtain immediate medical attention. Do <b>not</b> induce vomiting.

## 5. Fire-fighting measures

Recommended extinguishing agents	CO <sub>2</sub> , powders
Not recommended extinguishing agents	Water-jet
Recommendations	Do not breathe the smokes. Use appropriate breathing apparatus.

## 6. Accidental release measures

Personal precaution	Wear suitable gloves.
Environmental precautions	Attention, the floor may become slippery.
Methods of cleaning up	Contain and collect spillage with inert absorbent material. Afterwards wash the floor with water and soap.

## 7. Handling and storage

Handling	Handle with care
Storage	Avoid intense cold and heat source.

## 8. Exposure controls and personal protection

### Personal protection

Respiratory protection	Use anti-dust mask.
Hand protection	Use protective gloves.
Eye protection	Use protective goggles.
Skin protection	Use gloves and apron.

## 9. Physical and chemical properties

Physical state	creamy
Colour	blue
Odour	specific
Specific weight	1.25 +/- 0.1 g/cm <sup>3</sup>
Flashpoint	> 65°C
VOC (volatile organic compounds)	12 g/liter (0.96 % by weight)

## 10. Stability and Reactivity

Stability	minimum 12 months
Substances to avoid	none
Dangerous decomposition products	none

## 11. Toxicological information

To consider the concentration of the single substances, to value the derived toxicological effect from the exposure of the chemical compound. See chapter 3.

## 12. Ecological information

Avoid to disperse the product in the environment.

## 13. Disposal considerations

Dispose in conformity with the current national and local regulations.

## 14. Transport information

The product is not covered by international regulation on the transport of dangerous goods.

## 15. Regulatory information

No specific labelling requirements under respective EC directives

## 16. Other information

Text of the phrases R in chapter 3:

R65 Harmful: may cause lung damage if swallowed.

R66 Repeated exposure may cause skin dryness or cracking.

The information of this MSDS is based on the present state of our knowledge and on current EEC and national laws, as the users' working conditions are beyond our knowledge and control. The product is not to be used for other purposes than those specified under section 1 without first obtaining written handling instruction. It is always the responsibility of the user to take all necessary steps in order to fulfil the demand laid down in the local rules and legislation. The Information in this MSDS is meant as a description of the safety requirements of our product: it is not to be considered as a guarantee of the products' properties.
